

## Ditec automation for gates and automatic barriers

EN

# The accessories that make all the difference

Ditec accessories allows various control and monitoring options

Available for all offered automation solutions

## Gol 4 Remote controls

Simply press a button on the remote control and the Ditec drive system springs into action. Thanks to this accessory, foul weather will never be a problem again.

## Caddies for Gol 4 remote controls

These can be positioned on any surface or on your car sun visor so you'll always have your remote control within easy reach.

## Gol 4M keyboard transmitter

Four channel coded control. Allows electrically operated entrances to be opened with radio signals by entering a code.

## Xel 2 and Lab 3 IR photocells

For a maximum level of safety in automation. Can be wall or vertical mounted. Modulated infrared beam.

## Xel 5 key operated selector switch

Fitted with a tamper proof device. Can be wall or column mounted.

## Lan 4 Digital keypad systems

With digital, anti-vandalism combination and secret code up to 8 digits.

# Control and security are in your hands

## Lamp

24 V and 230 V flashing light with flashing operation controlled from the control panel.

Available for all offered automation solutions\*

## Lan 7 control device with proximity control

Wireless identification system, featuring TRANSPONDER technology.

## Sof safety edges

These are fitted to all entrance control systems to ensure maximum safety during opening and closing operations.

\*Not available for Ditec Qik

## Magnetic loop detector

Starts the barrier automatic opening operation when a car goes over the sensor fitted to the pavement and it detects the car going past it and stops the bar from closing until the car has gone through.

## Aluminium skirting

L = 2 m, painted red/white.

\*Available for Ditec Qik only

## Fixed and moving mounting

Fixed mounting to be installed on the ground, moving mounting to attach to the arm.

\*Available for Ditec Qik only

When building the system, only use Ditec accessories and safety devices.

Every Ditec automation features CE marking and is designed and built in compliance with the safety requirements of the Machinery Directive (2006/42/EC), of the Electromagnetic Compatibility Directive (2004/108/EC) and of the Low Voltage Directive (2006/95/EC) and of other Directives, laws, specific standards for special products and situations.

The Company reserves the right to make changes which may improve the products.

For this reason, the technical details given are not binding.

Pictures were taken with the consent of those concerned or in public locations.
